SUMMARY

Innovative individual with proven success evaluating requirements for software development projects to design innovative solutions. Out-of-the-box thinker and problem solver dedicated to improving performance. Works well in teams and consistently delivers to deadlines.

EXPERIENCE

October 2020 - Current
QA Lead Majid Al Futtaim Carrefour

- Created automated test scripts that reduced regression testing time by 50%, boosting overall testing efficiency.
- Spearheaded a defect reduction initiative, resulting in a 30% decrease in critical post-deployment issues and improved system stability.
- Develop testing strategies specific to machine learning (ML) pipelines, including data ingestion, preprocessing, model training, and inference.
- Validate the quality, consistency, and integrity of input datasets, ensuring they meet the requirements for model training and predictions.
- We utilized a BDD & TDD Flutter Gherkin framework for front-end testing and implemented a Postman API automation strategy for back-end API testing
- Utilized flutter's integration_test for automating the UI flutter based mobile application. Have hands on experience in using proxyman for proxy and mocking purpose.
- Utilized robert framework and appium for automation.
- Demonstrated expertise in building and maintaining UI and API automation frameworks while leading QA teams across various products, driving the implementation of new tools and

Python,Appium, Expresso, xcuitest, Playwright, Postman, Rest Assured, TestNg, Maven, Gradle, Cucumber)
- Involved in Data Analysis Testing (Tools- Google Colab, Python, Jupyter Notebook)
- **Language :** Java, JavaScript, Python
- **Operating System**: Win, Unix, Mac and Linux
- **Testing tools:** HP ALM, Test Rail ,Jira, Mindmap
- **Database:** Oracle, SQL Developer. MySql, Teradata
- **IDEs Used:** Eclipse, Intellij, VSCODE

January 2017 - November 2017
Senior Quality Assurance Engineer RAK BANK Dubai

- Integration Testing of CAS application with different bank Modules like Prime(Credit Card Section), Debit Card App, Finacle and Flexcube.
- Involved in the preparation of Automation Framework for Backend with Rest Assured
- Creating mind map, test evidences and other testing artifacts
- Involved in Data Setup Activity

June 2016 - December 2016
Quality Assurance Analyst Experis ID Gurgaon

June 2014 - June 2016
Associate Cognizant Pune

June 2011 - June 2014
Senior Software Engineer Accenture Mumbai

CERTIFICATIONS

- ISTQB Certified
- Oracle cloud Foundation

EDUCATION

B.Tech in Electronics and Communication
Amity University Noida
